Goods and Services

As a courtesy, the imported list of goods and services, if not already defined in one of WIPO's three filing languages (English, French or Spanish), is automatically translated into the selected filing language.

If creating an application manually, use the [Madrid Goods & Services Manager](#) to prepare the list. Once done, add the class(es) as defined in the national mark. Open the class to add and edit the terms.

Want to avoid possible irregularities from WIPO? Click the "Check classification" button to verify that the terms are in the correct class and not too vague. Refer to the [examination guidelines](#) for more information regarding WIPO's classification practices.

Declaration of Intention to use (MM18)

This form contains the exact wording of the declaration of intention to use the mark required by the United States of America. The United States of America requires that the intention to use the mark be made in English, even if the international application is in French or Spanish.

DECLARATION OF INTENTION TO USE THE MARK: UNITED STATES OF AMERICA

By designating the United States in the application for international registration/subsequent designation, the person signing below declares that:

- (1) the applicant/holder has a bona fide intention to use the mark in commerce that the United States Congress can regulate on or in connection with the goods/services identified in the international application/subsequent designation;
- (2) he/she is properly authorized to execute this declaration on behalf of the applicant/holder;
- (3) he/she believes applicant/holder to be entitled to use the mark in commerce that the United States Congress can regulate on or in connection with the goods/services identified in the international application/subsequent designation; and
- (4) to the best of his/her knowledge and belief no other person, firm, corporation, association, or other legal entity has the right to use the mark in commerce, either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods/services of such other person, to cause confusion, or to cause mistake, or to deceive; and
- (5) to the best of the signatory's knowledge, information, and belief, formed after an inquiry reasonable under the circumstances, the allegations and other factual contentions made above have evidentiary support.

* ☐ I declare under penalty of perjury under the laws of the United States of America that all the foregoing statements are true and correct to the best of my knowledge and belief. I understand that willful false statements and the like may jeopardize the validity of the application or document or any registration resulting therefrom, and are punishable by fine or imprisonment, or both (18 U.S.C. §1001). 35 U.S.C. §25(b).
